November 12, 1980

Dear Mr. Lesar,

Please don't think I have forgotten the matter we spoke of last week. I wanted to let you know that I intend to look into the matter when I am next in New York and have time to look through our records of Freedom of Information requests. It is probably easier if I do this myself than asking someone else to.

When you next see Joe Trento, please give him my regards.

Sincerely yours,

Hery Hurt.
